SEEBPORE, the 25th April 1891.

ORDERS BY THE VICE-CHANCELLOR  
AND SYNDICATE OF THE  
CALCUTTA UNIVERSITY.

1. The following additions and alterations in the University Regulations, having been sanctioned by the Senate and approved by His Excellency the Governor-General in Council, are published for general information:—

(i) The following foot-note has been added to the marginal note to the Entrance Examination. to the marginal note to the Entrance application form:—

“A High School is a school recognised by the University as qualified to send up candidates to the Entrance examination.

“A High School under public management is a High School which is under the direct management of Government, or of Officers or Committees acting on behalf of Government, or of Boards exercising statutory powers, and in which the staff of teachers is appointed and dismissed by Government, or by such Officers, Committees, or Boards.”

The word “High” has been inserted before “school” in the marginal note itself.

(ii) The following words have been added to the second foot-note in page 73 (appendix A) of the Calendar for 1891, “or which appears to the Syndicate to be from any cause injurious to the interests of sound education and discipline.”

(iii) In the B. A. Regulation, para. 7, A iii, instead of the words “A B. A. Examination. second Language (defined as in the F. A. course),” the following has been substituted:—

“One of the following languages—Greek, Latin, Sanskrit, Pali, Hebrew, Arabic, and Persian.”

(iv) The words “as soon as possible after the examination” have been substituted for the words “at such time as the Syndicate shall determine (the date to be approximately notified in the Calendar for the year),” in paras. 7, 6, and 7 of the Entrance, F. A., and B. A. Regulations, respectively.

(v) The following addition has been sanctioned to the foot-note to para. 2 of the Regulations for the F. A. and B. A. examinations:—

“This percentage shall be calculated on the total number of lectures in each subject delivered in the Institution from the commencement of the academical year after the summer vacation. If a student is transferred from one Institution to another in the course of a year, the percentage of attendances in the second Institution shall be calculated on the total number of lectures in each subject delivered in that Institution after the date of the transfer certificate. If a student fails to enter an affiliated Institution before the 1st August in any year, his attendance for that year shall not, except with the special sanction of the Syndicate, be counted.”

The foot-note so amended has been incorporated in the text of the Regulations, and will affect candidates for the examinations of 1893.

#### GILCHRIST SCHOLARSHIPS TENABLE IN EUROPE BY NATIVES OF INDIA.

[These Scholarships are open to Women upon exactly the same conditions as to Men.]

1. Three Scholarships of the value of £200 per annum will be awarded, one every year, to candidates who are natives of India (within the meaning of Section 6\* of the statute 33 Vic., Cap. 3), or of the "Native States" of India. They shall each be tenable for three years at any University or any Science or Technical College in Europe (approved by the Trustees in each case), on condition that the Scholar shall undertake to go through the course and pass the examinations necessary for obtaining a definite Science degree or diploma as may be prescribed by the Trustees. The nomination to these Scholarships will rest with the Universities of Calcutta, Madras, and Bombay in rotation, subject to the conditions hereinafter specified.

\* The provision in the section is as follows :—"That for the purpose of this Act, the words 'native of India' shall include any person born and domiciled within the dominions of Her Majesty in India, of parents habitually resident in India, and not established there for temporary purposes only; and that it shall be lawful for the Governor General in Council to define and limit from time to time the qualification of natives of India thus expressed."

2. A scholarship will be given every third year on like conditions, the nomination of suitable candidates for which will rest with the Universities of the Punjab and Allahabad jointly. Each of these Universities may submit to the Government of India the name of one candidate, and the actual nomination to the Scholarship shall be made (from the names submitted) by the Government of India.

3. The scholarships will be given (during the next few years) in the following rotation:—

- 1891. Calcutta, Punjab, and Allahabad.
- 1892. Bombay.
- 1893. Madras.
- 1894. Calcutta, Punjab, and Allahabad.
- 1895. Bombay.
- 1896. Madras.

4. Each scholar will be provided by the Government of India with a free passage to England. The Gilchrist Trust will provide a return passage (at the end of the three years) at a cost not exceeding £50, provided that the scholar shall have fulfilled the conditions of his scholarship; but the scholar will not be entitled to claim any difference between the actual cost of passage and the amount above named.

5. Each scholar must enter into a written engagement to submit to such regulations as may from time to time be issued by the Gilchrist Trustees for the guidance of the scholars.

The tenure of the scholarships will be strictly dependent on good conduct in Europe, and on satisfactory progress being made in study. The Gilchrist Trustees reserve to themselves the right of finally deciding whether a scholar has or has not committed a breach of the Rules and Conditions on which his scholarship is held, as also all questions which may from time to time arise, whether expressly provided for in the Rules and Regulations or not. They further reserve to themselves the power of altering the conditions of the scholarships, or of altogether withdrawing them, if they shall think fit. Due notice of any alterations will be given, and changes will not be made in such a manner as to affect the interests of students already appointed to scholarships.

7. One of the Gilchrist Trustees\* will personally see each Gilchrist scholar as soon as possible after he has reported his arrival at the office of the Trustees, and will confer with him upon the course he may propose to pursue, and the University or College to be selected.

#### RULES FOR ELECTION TO THE GILCHRIST SCHOLARSHIPS.

5. It shall be the duty of the examiners at each of the examinations mentioned in rule 4 to state which of the candidates are in their opinion fit and proper persons to be selected for the Gilchrist scholarship.

No. 132 Marine.—The following amended rules for the medical inspection of vessels at the Port of Calcutta have been made by the Lieutenant-Governor, and are hereby published for general information.

J. M. McNEILE, Col., R.E.,

Secretary to the Government of Bengal.

*Rules for the Medical Inspection of Vessels at the Port of Calcutta.*

**Rule I.**—The master of every in-coming vessel, on board of which there is either among the passengers or crew any case of cholera, small-pox, measles, or other epidemic disease common in India, or of diptheria, or scarlatina, or if two or more deaths from unknown or suspicious causes have occurred on the voyage, shall report such case or cases to the pilot immediately upon his going on board at the Sandheads, and the pilot shall hoist a signal, which shall be during the day flag R of the Commercial Code at the main, and during night two white lights, one over the other, at the fore, and the pilot in charge, in addition to hoisting the signal R at the main, is to telegraph from Saugor, or the nearest telegraph station, the name of the particular disease and number of cases on board, both to the Port Officer and to the Health Officer of the Port of Calcutta, using table 22 of the Pilot's Cypher Code.

**Rule II.**—The Port Officer on receiving information by telegraph from Saugor, or any telegraph station, that a vessel having small-pox on board has passed the station upwards, shall at once communicate the information to the Health Officer of the Town and the Deputy Commissioner of Police, with a view to obtain the services of vaccinators with a supply of lymph in sufficient time to commence the necessary vaccine operation immediately after the ship's arrival, and to obtain the assistance of the police for removing cases of small-pox on the ship's arrival to hospital.

**Rule III.**—The Deputy Commissioner of Police, as early as possible after receipt of this information, shall instruct the River Police Inspector to place himself in communication with the Health Officer of the Port to receive such instruction as that officer may consider to be necessary for the efficient operation of these rules, and for the removal of the sick to hospital.

*Rule IV.*—The Health Officer, as early as possible after the arrival of the vessel in port, shall inspect it, and more especially its sanitary condition, shall enquire into the circumstances attending the case or cases of the said disease, shall arrange for the conveyance of all persons suffering from such disease to a hospital, unless such person, if suffering from a disease other than small-pox, or his friends, can make adequate provision elsewhere, and shall also arrange for the disposal of the dead, if any, if the friends are not able to make suitable arrangements or are unwilling to carry them out.

*Rule V.*—Where the disease or diseases in question, other than small-pox, is or are limited to one or two cases, the vessel shall not be prohibited from taking up the usual place of anchorage in the port, nor shall the passengers be detained on board pending the inspection of the Health Officer; but the master of the vessel shall be held responsible that no passenger suspected of having such disease is allowed to depart before this inspection.

*Rule VI.*—Where cases other than small-pox have been more numerous than two, or when from their occurring on a pilgrim or emigrant ship, or for other special reasons, further precaution may be deemed advisable, the vessel shall anchor at Metebrooj ghât, and none of the passengers shall be allowed to leave until the Health Officer has made his inspection.

*Rule VII.*—In case of small-pox (even on the occurrence of one case only) the vessel shall anchor at Metebrooj ghât, and none of the passengers or crew shall be allowed to leave until the Health Officer of the Port has made his inspection and given permission. It shall be the duty of the Health Officer of the Port to vaccinate or have vaccinated all persons who appear to require this protection, and to arrange with the police for the removal to hospital of all affected persons after their bodies have been anointed with carbolised oil or other disinfectant.

GENERAL DEPARTMENT.

Bombay Castle, the 8th June 1891.

No. 2045.—In exercise of the power conferred by Act I of 1870, the following Rules for Quarantine against Cholera have been made by the Government of Bombay with the previous sanction of the Governor-General in Council: they have effect from the 28th ultimo in the Ports of Aden, Perim, and the Somali Coast as a temporary measure:—

I.—The commander of every vessel, including buggalows or other native craft arriving from Baelekoemba, shall, before entering the harbour, indicate by signal the port from which such vessel has come.

II.—Such commander shall not, except as hereinafter provided, allow any communication either with the pilot boat, except orally, or with the shore, or with any other vessel or boat in the harbour.

III.—Immediately on arrival the commander shall cause the letter R of the Commercial Signal Code to be hoisted, and shall keep the said flag flying during his stay in port or until authorized by the Health Officer to haul it down. If communication with the shore is not desired, the vessel shall anchor at such place as may be pointed out by the Port authorities, having regard to the season of the year. If communication with the shore is desired, the Health Officer shall go alongside the vessel, and, after all necessary enquiries, shall direct the commander to take the vessel to the quarantine anchorage duly appointed and notified in that behalf by the Resident, there to remain for a period of seven days from the date of arrival, or for the shorter period prescribed in Rule IV, and undergo disinfection, which should apply as well to crew, passengers, effects, and susceptible goods.

IV.—If the Health Officer of the Port has sufficient evidence that no cases of a suspicious nature have taken place on board during the voyage, and if the vessel is, besides, in good hygienic condition, the duration of the quarantine will be diminished according to the following scale :—

|                                |     |     |                                  |
|--------------------------------|-----|-----|----------------------------------|
| After eight days of voyage     | ... | ... | Six days of quarantine.          |

| Do. thirteen ditto and upwards | ... | ... | Twenty-four hours of quarantine. |

V.—If during the period a vessel is at the quarantine anchorage aforesaid any case or cases of cholera should occur on board, the said vessel shall remain in quarantine for a period of seven days from the date of the last case occurring, and be subject to all the prohibitions provided for in Rule III.

VI.—When any vessel has been placed in quarantine as aforesaid, the Health Officer may direct the removal of so many of the passengers and crew as may not be suffering from illness, and whose services may not be required on board the vessel, to such particular spots as may from time to time be selected by the Resident as places of quarantine, there to remain for a period of seven days. If a case of cholera occurs among such passengers and crew during any such period, they shall remain in a place of quarantine for a period of fifteen days from the date of the occurrence of the last case of such illness.

VII.—Any mails or cargo which may be brought by any vessel so arriving shall be landed under such precautions as the Health Officer may deem necessary to prevent the spread of the disease.

VIII.—It will be the duty of the Port Officer to facilitate the conveyance to all vessels in quarantine of such supplies of provisions, stores, and other articles as may be required by those on board. Such supplies will be placed on the boats of the vessels in quarantine, to be subsequently removed by members of their crews.

IX.—All vessels arriving at Aden, Perim, and the Somali Coast, which may have communicated with vessels coming from Baelekoemba, shall be subjected to the same quarantine as vessels arriving at Aden, Perim, and the Somali Coast from Baelekoemba.

- (4) The Mint Masters, Calcutta and Bombay.
- (5) The Collectors of Customs at Calcutta and Chittagong.
- (6) The Judges of the Courts of Small Causes at Calcutta and Sealdah.
- (7) The Secretary and Treasurer of each of the Presidency Banks, and every Agent in charge of a branch of any of the said Banks.
- (8) The Secretary, Manager, or other principal officer of the several offices and agencies in India of each of the following Banks :—

Agra Bank, Limited; Alliance Bank of Simla, Limited; Chartered Mercantile Bank of India, London and China; Chartered Bank of India, Australia, and China; Comptoir National d'Escompte de Paris; Delhi and London Bank, Limited; Hong-Kong and Shanghai Banking Corporation; National Bank of India, Limited; New Oriental Bank Corporation, Limited.

- (9) The Chairman, Vice-Chairman and Secretary of—  
the Commissioners for the Port of Calcutta, the Trustees of the Port of Bombay, the Trustees of the Harbour of Madras, the Trustees of the Port of Karachi, and the Commissioners for the Port of Rangoon; and
- (10) The Chairman, Vice-Chairman and Secretary of the Municipal Corporation of Calcutta; the Municipal Commissioner and the Deputy Municipal Commissioner for the City of Bombay and the Secretary of the Municipal Corporation of the City of Bombay; and the President, Vice-Presidents and Secretary of the Municipal Commissioners for the City of Madras.

2. And in exercise of the powers conferred by clauses (4) and (10) of section 28 of the same Act, the Governor-General in Council is pleased to prescribe the following rules :—

- (1) When any silver coin purporting to be coined and issued under the authority of the Government of India is tendered to any officer authorised, by paragraph 1 of this Notification or by any order of a Local Government, to act under section 16 of the Indian Coinage Act, 1870, and the officer has reason to believe it to be counterfeit, or to have been reduced in weight otherwise than by reasonable wearing, he shall cut or break such coin, and, under section 17 of the said Act, return the pieces to the person tendering the coin.

- (2) When any silver coin purporting to be coined and issued before 1st September 1835, under the authority of the Government of India, is tendered to any such officer, he shall cut or break such coin, and, at the option of the person tendering the coin, return to him the pieces, or retain them and give credit for them at the rate of one rupee per tola (that is, 180 grains Troy weight).

- (3) When any rupee or half-rupee purporting to be coined and issued under the authority of the Government of India on or after the 1st September 1835 is tendered to any such officer who has reason to believe it to have lost by reasonable wearing more than two per cent. in weight, he shall receive such rupee or half-rupee at its full nominal value, but shall immediately cut or break it.

- (4) A quarter-rupee or an eighth of a rupee issued by the Government of India should, when tendered to such an officer, be accepted under section 13 of the Act as legal tender for a fraction of a rupee, even though it may have lost by reasonable wearing more than two per cent. in weight; such a coin should not be withdrawn from circulation, unless by reason of the obliteration of the device upon it, or for any other reason, it appears to be unfit for circulation, in which case it shall not be cut or broken, but shall be dealt with under rule (8) or rule (9) as the case may be.

- (5) Silver coin issued by the Government of India, which has been defaced otherwise than by shroff marks, should not, when tendered to such an officer, be cut or broken, but should be returned to the tenderer.

- (6) Silver coin issued by the Government of India which has been defaced or diminished only by shroff marks should, when tendered to such an officer, be received at its full nominal value; it should not be cut or broken, but should be withdrawn from circulation and disposed of under rule (8) or rule (9), as the case may be.
- Shroff marked silver coin.
- (7) In cutting or breaking any coin, officers should avoid completely dividing it, as it is often convenient to identify the parts of a particular coin. Such identification becomes practically impossible if the pieces are wholly separated. Care should, however, be taken that the destruction is complete.
- Method of cutting and breaking.
- (8) Silver coin received by Government officers under these rules and withdrawn from circulation shall, whether or not it has been cut or broken under these rules, be sent by the first convenient opportunity to the Master of the Mint at Bombay or Calcutta, or to any principal treasury appointed by the Accountant-General or Comptroller to receive such coin for remittance to the Mint. Such coin will be credited in the officer's cash balance as "uncurrent coin" at the actual value at which it has been received, and on transfer to the Mint will be credited at the rates prescribed in these rules, any loss incurred in re-coinage being taken as a charge of the Mint.
- Cut, broken or withdrawn coin how disposed of by Government officers.
- (9) Silver coin received by an officer other than a Government Officer under these rules and withdrawn from circulation should, whether or not it has been cut or broken under these rules, be sent to the nearest Government treasury, where it will be paid for at the rates respectively prescribed in these rules, and thereafter it will be dealt with in the manner prescribed in rule (8).
- Cut, broken or withdrawn coin how disposed of by other than Government officers.

If on such examination the difference between the average count or length and the described count or length is in excess of the variations permitted in paragraphs III and IV of the Notification in the Home Department, No. 1738 (Judicial), dated the 4th December 1890, the importer may require a further examination to be made up to the limit stated in rule 9.

9. The test to determine count and length of yarns shall be applied as follows:—

One bundle should be taken from any bale in the consignment, and each knot in the bundle weighed. From the knots so weighed should be selected the heaviest knot, the lightest knot, and the knot which approaches most closely to the standard weight of a knot of yarn of the particular count under examination.

[By standard weight is meant the weight which the knot of yarn of the described count should be if the length of the hank is correct, *e.g.* a knot of No. 20 of ten hanks to the knot should weigh eight ounces.]

The heaviest knot should then be selected from the knots so weighed, and each hank in it weighed, the heaviest and lightest hank, and also the hank which approximates most closely to the standard weight, being selected. This process should be repeated with the other two weighed knots.

There will then be nine hanks to be dealt with, three from each of the three knots weighed.

These nine hanks should then be tested on the wrap-reel. If on such test the difference between the average count or length and the described count or length is in excess of the variations permitted by the notification quoted in the preceding rule, the process may be repeated, if the importer should require it up to the limit of one per cent. of the whole number of bundles in the consignment; but no more extended examination shall be made unless the importer agrees to pay the cost thereof, in which case an examination may be made up to the limit of ten per cent. of the bundles in the consignment.

The Customs Collector may require from any informant a security not exceeding five hundred rupees. If the Collector should be satisfied that the information given is wilfully false, the security shall be forfeited.

## CHAPTER I.—Preliminary.

1. These rules shall come into force throughout British India on the date of this Notification.

2. All words and expressions used in these rules and defined in the Indian Stamp Act, 1879, shall be deemed to have the meanings attached to them respectively by the said Act.

3. There shall be two kinds of stamps for indicating the payment of duty on instruments under the Indian Stamp Act, 1879, namely—

(a) Impressed stamps, including—

Impressed sheets,—that is to say, sheets of paper bearing the impression of stamps of different values engraved thereon, and sold to the public for use by them in accordance with these rules; and

Impressed labels, to be affixed and impressed by Government officers as directed in Chapter III of these rules.

(b) Adhesive stamps sold to the public for use by them in accordance with these rules.

## CHAPTER II.—Of Impressed Sheets.

4. (a) Hundis, other than hundis which can be stamped with an adhesive stamp under section 10 of the said Act, shall be written as follows:—

(1) Hundis payable otherwise than on demand, but not more than one year after date or sight, and for amounts not exceeding Rs. 30,000 in individual value, on impressed sheets bearing the word “Hundi”;

(2) Hundis exceeding Rs. 30,000 in individual value, and hundis payable at more than one year after date or sight, on paper supplied for sale by the Government, and to which labels have been affixed by one of the officers mentioned in rule 10 (b), or by the Superintendent of Stamps, Calcutta, and impressed by him in manner provided by rule 10.

(b) Every sheet of such stamped paper shall be of a size not less than  $8\frac{1}{2} \times 5\frac{1}{2}$  inches, and no plain paper shall be joined to it.

(c) The provisions in rule 7 (a) as to the use of two or more sheets of stamped paper when a single stamp of the required value is not procurable apply also to hundi stamps used under this rule.

5. Promissory notes and bills-of-exchange shall, except as provided by section 10 of the said Act and by these rules, be written on plain impressed sheets or on impressed sheets bearing the word “Hundi.”

6. All other instruments chargeable with duty may be written on impressed sheets (other than impressed sheets bearing the word “Hundi”), and, except as provided by section 10 of the said Act and by these rules, shall be so written.

7. (a) When two or more impressed sheets are used to make up the amount of duty chargeable in respect of any instrument, a portion of such instrument shall be written on each sheet so used.

(b) When a single sheet (other than an impressed sheet bearing the word “Hundi”) is found insufficient to admit of the entire instrument being written on the side of the paper which bears the stamp, so much plain paper may be subjoined thereto as may be necessary for the complete writing of such instrument; provided that in every such case the side of the sheet which bears the stamp must be covered by a substantial part of the instrument before any part of the latter can be written on the plain paper joined to such sheet.

(c) When any instrument of transfer of shares in a company or association is written on an impressed sheet, and the value impressed thereon is subsequently (in consequence of

a rise in the market value of such shares) found to fall short of the amount of duty chargeable under article 60 (a), schedule I of the Act, one or more adhesive "Share Transfer Stamps" hereinafter mentioned may be used to make up the required amount.

8. The duty payable on any instrument chargeable with a duty of one anna may be denoted by a coloured impression marked on a skeleton form of such instrument by the Superintendent of Stamps at Calcutta, Bombay, Madras, Rangoon, or Lahore, or by the Commissioner of Stamps at Allahabad.

#### CHAPTER III.—Of Impressed Labels.

#### SECTION II.

##### RULES FOR INLAND TELEGRAMS.

##### General.

1. *Definition, &c.*—Inland telegrams are those which are sent to or received from places within Indian limits. Such telegrams are subject to the regulations laid down from time to time by the Government of India.

2. The accuracy of telegrams is not guaranteed, and the Sender and Receiver must accept all risks arising from non-delivery, errors or delays.

3. *Offices where accepted.*—Inland telegrams are accepted at all Telegraph Offices in India, also at all Post Offices, except some Branch Offices.

4. Post Offices in telegraph connection with other Telegraph Offices are called *Postal Combined Offices*.

5. Post Offices which are not in telegraph connection with Telegraph Offices, but which receive Inland telegrams and despatch them by post to a Telegraph Office, are called *Postal Receiving Offices*. Such telegrams are sent registered and postage-free by first post.

6. Inland telegrams may also be posted to the nearest Telegraph Office, together with Telegraph or Postage stamps sufficient for their payment, and in this case a receipt for the amount will be returned post-free to the Sender. In the case of a telegram sent by post to a Telegraph Office with an insufficient number of stamps, the deficiency will be recovered from the Addressee.

7. *Railway Offices.*—A telegram can be sent from any Government Telegraph Office to any Railway Telegraph Office, or *vice versa*, without additional charge.

8. *Objectionable telegrams.*—Telegraph Offices are required to refuse to transmit any telegram which may be of a decidedly objectionable or alarming character. Should the character of a telegram be open to doubt, the matter shall be referred to a Secretary to Government if the telegram be tendered at a seat of Government, or to the chief Civil or Military Officer if tendered at another place.

9. *General Division.*—Inland telegrams are divided into the following :—

- (a) State (or Government) telegrams (Rules 23 to 28).
- (b) Service telegrams (Rule 29).
- (c) Private telegrams.

*Note.*—State telegrams have no priority over Private telegrams, and take their turn with the latter according to class (Rule 45) in the order in which tendered.

#### MODE OF WRITING, &c.

10. *Characters.*—Inland telegrams must be written legibly in characters which have their equivalents in telegraphic signals. These characters or signals are the following :

##### (a) Letters.

A, B, C, D, E, F, G, H, I, J, K, L, M, N, O, P, Q, R, S, T, U, V, W, X, Y, Z.

##### (b) Figures.

|------|-----|-----|-----------------------------------------------------------------------------|
| RP   | ... | ... | Reply-paid telegram (Rule 82).                                              |

| BPD  | ... | ... | Boat paid (Rule 76).                                                        |
| BPDN | ... | ... | Boat paid double (Rule 76).                                                 |

11. *Language, &c.*—Subject to the above limitation, telegrams may be sent in English or in the Vernaculars, or in any foreign language, or in cipher if written in Arabic numerals. Fictitious words, *i.e.*, words not recognised in any language (such as *Anglerlog, Brutaster, &c.*), and wrongly spelt words, are inadmissible.

*Note.*—Groups of letters not forming words ("Letter cipher") cannot be transmitted in private telegrams unless they represent Trade or Commercial marks, or are among the abbreviations sanctioned by Rule 43.

12. *Legibility and forms.*—To secure accuracy and rapidity of transmission, Senders of telegrams are advised to write them in a clear and unmistakeable hand, and on the proper forms, which can be obtained free of charge at all Telegraph and Post Offices. Telegrams written on plain paper are, however, accepted at all offices.

*Note.*—Books containing 100 forms for Inland telegrams with counterfoils can be purchased at the principal Government Telegraph Offices. (Price 4 annas each.)

13. *Erasures, &c.*—Every interlineation, reference, erasure, or alteration of words must be authenticated by the Sender of the telegram or by his representative.

14. *Parts of a telegram.*—The different parts of which an Inland telegram is composed should be written down as follows :—

- (a) Special instructions (if any).
- (b) The address.
- (c) Name of office of origin.
- (d) Sender's name.
- (e) The text.

15. *Special Instructions.*—The Sender must write upon the form\* his Special Instructions (if any) regarding delivery at destination, prepayment of reply, advice of delivery, collation (or repetition), open delivery or delivery only to the Addressee himself, &c.

16. In the case of a Multiple telegram, the Special Instructions which concern each Addressee should be written immediately before his name.

17. These Special Instructions should be written in the abbreviated forms given in Rule 10(d) and between signs of parenthesis, and are not charged for.

*Note.*—Examples to illustrate the application of these rules about the Sender's instructions will be found in Rules 62, 63, 76, 82, 91, 92, &c.

18. *Address.*—The Address includes the Addressee's name and address and the name of the Office to which the telegram is to go. Care should be taken that the latter is written as given in the List of Telegraph Offices published in the *Telegraph Guide*. The Address must contain all the information necessary to ensure delivery without search or enquiry. The Sender in all cases has to bear the consequence of insufficiency in the Address, which, after the telegram has been despatched, can neither be completed nor altered, except by a paid Service Advice (Rule 79).

19. The Addressee's name and address may be written in a preconcerted or abbreviated form. However, in order that a telegram so addressed may be delivered, the Addressee must have registered the Abbreviated Address at the Telegraph Office to which the telegram is addressed (Rule 69).

20. *Sender's name.*—This means the actual name or designation of the Sender. Name and designation cannot both be admitted unless it would otherwise be obviously impossible for the Addressee to identify the Sender. A telegram cannot be sent by several persons in their separate names; it must be in the name of only one individual or firm; it may, however, be sent by a party acting jointly having a recognized collective capacity, but the designation or style of such party must be used, not their several names. If the Sender of a telegram desire his own address to be telegraphed, it must be paid for. The Sender's name and address may, however, be transmitted free in a preconcerted or abbreviated form if registered under Rule 69.

21. *Text.*—No private telegram or series of telegrams containing more than five hundred words can be sent at any one time by any individual or firm, and no subsequent telegram by the same individual or firm till after the lapse of three hours, unless the telegraph lines be free of all other traffic.

*Note.*—Regarding the length of Press telegrams, see Rule 110.

22. *Signature.*—The true signature and address of the Sender must always be written at the foot of the telegram. The sender of a Private telegram can always be called upon to prove that the signature attached to it is genuine.

#### STATE TELEGRAMS.

23. *Definition.*—A State telegram is defined to be one sent by an official of the British Government on British Government business.

*Note.*—Municipal Commissioners and the officials and servants of a Municipality or of a Guaranteed or Private Railway are not entitled to send State Telegrams, nor are the officials and servants of Native States.

24. *Principles to be observed.*—The Government of India has laid down the following principles to be observed in State telegrams, but their application rests with the Sender, not with the Telegraph Official:

"(1) When it is not necessary that a reply (by post or wire) should be despatched within office hours of the same day, the message should be sent 'Deferred.' (2) When it is considered essential that the reply should be sent the same day, the message should be sent 'Ordinary.' (3) 'Urgent' messages should be used only—(a) in cases of real emergency; (b) in cases where the despatching officer knows that the line is blocked, and considers his message sufficiently important to take precedence of ordinary traffic. (4) Telegrams should, except when extreme precision is important, be expressed in as few words as are consistent with clearly conveying the intended meaning; and mere auxiliary or connective words, which can obviously be filled in by the receiver, should be omitted."

25. *Payment, &c.*—State telegrams must be marked *State* by the Sender, and as a rule paid for in cash or stamps prior to despatch. The charges are the same for State as for Private telegrams. The rule regarding prepayment will be relaxed in case of great emergency. Whenever an Urgent or Ordinary State telegram is tendered for transmission under this permission, the Sender must take the necessary steps to ascertain the charges on it, and pay them into the Telegraph Office within 24 hours. The rule cannot be relaxed in case of Deferred State telegrams.

26. *At Railway Offices.*—State telegrams are not accepted at Railway Offices at places where there is also a Government Office, except in cases of emergency or when the Sender's Office or residence is much closer to a Railway Office than to a Government Office.

27. *Abbreviated titles.*—In Inland State telegrams abbreviations of the titles of Government Officials are used. A list of the abbreviations sanctioned is published in the *Telegraph Guide*.

28. *Clear Line Telegrams.*—On emergent occasions of great importance, the public functionaries named below have power to "clear the line" within Indian limits, i.e., to suspend the receipt and despatch of all telegrams until the one for which the line is cleared is passed on:—

- (1) The Governor-General of India.
- (2) The Governors of Madras and Bombay.

\* In the space marked *Official Instructions*.

- (3) Commanders-in-Chief, India, Madras, and Bombay.
- (4) Lieutenant-Governors of Bengal and the Punjab, Lieutenant-Governor of the North-Western Provinces, and Chief Commissioner of Oudh.
- (5) Secretaries to the Government of India.
- (6) Secretaries to the Governments of Madras, Bombay, Bengal, the North-Western Provinces, and the Punjab.
- (7) Chief Commissioners of the Central Provinces, British Burma, and Assam.
- (8) Agents to the Governor-General, Rajputana, Central India, and Baluchistan.
- (9) Commissioners of Sind and Peshawar.
- (10) The Residents at Hyderabad (Deccan) and Mysore.
- (11) The Maharaja of Patiala from the Patiala Office only.
- (12) Director-Generals of Telegraphs.

The telegrams so sent are, however, to be paid for as other State (Urgent) telegrams. The words *Clear Line* should be written before the Text.

#### SERVICE TELEGRAMS.

29. *Service telegrams* are the following:—

- (a) Those on the service of the Government Telegraph and Postal Departments, which are sent free to and from any Telegraph Office, except in the cases specified in Rule 79.
- (b) Those sent free on the service of certain Foreign Governments, regarding which the Government of India defines special rules in each case.

#### COUNTING WORDS.

30. *Chargeable words*—All that the Sender writes in his telegram to be transmitted is included in calculating the charge, with the exception of the Special Instructions referred to in Rule 15, the address (as defined in Rule 18), the name of the Telegraph Office of origin, and the Sender's name or designation. No other words can be transmitted unless paid for as part of the Text, and Telegraph Officials are authorized to omit from the Address any words not essential for the correct delivery of the telegram.

31. Words, numbers, and signs added by Telegraph Officials for official purposes are not charged for. The day, hour, and minute (Madras time) at which a telegram is booked, when tendered for despatch, are added by the Telegraph Office, and telegraphed free. Senders may date or time their telegrams if they desire, but in such case their dates or times will be charged for.

32. The maximum length of a word is fixed at six syllables. The excess is counted as a word.

33. Every isolated character, letter, or figure is counted as a word. The same applies to an underline.

34. The initials of persons and such abbreviations as *B.S.C.* or *R.A.* are treated as isolated letters, however written by the Sender.

35. Expressions joined by a hyphen are counted according to the number of words which serve to form them.

36. Words separated by an apostrophe are counted as so many isolated words, unless they are nouns in the possessive case, as *General's*, *Charles's*, *brother's*.

37. *Compound words*.—Any compound word properly so called, which is generally recognised as such, and can on occasion be shown in a dictionary to be written as a single word (*i.e.*, joined up without a hyphen or apostrophe), is charged as a single word when so written (*i.e.*, joined up without hyphen or apostrophe), provided that the whole is of six or less than six syllables. *Halfpenny*, *twopence*, *threepence*, &c., up to *elevenpence*, when written as a single word, count as one word only. The following are examples of admissible compound words:—*Rapeseed*, *Gingellyseed*, *Sheepskin*, *Cowhide*.

Combinations and alterations of words contrary to usage are not allowed. Nevertheless proper names of towns and countries, family names, names of places, streets, &c., the names of ships, and also numbers written in words, are counted according to the number of words employed by the Sender to express them. All such names and numbers may be written as a single word, and, if so written, will be counted as one word for each six or portion of six syllables—see Rules 33 and 44.

*Note*.—To avoid error, Senders of telegrams are invited to write numbers in word rather than in figures.

38. Examples of combinations inadmissible as single words:—

Tapestry patterns.

Bankaction.  
Wireanswer.  
Innerharbour.  
Boursecredit.
